28 PRESENT AT REGULAR MEET OF LAC LA BICHE WOMEN'S INSTITUTE

LAC LA BICHE—The regular meeting of the Lac la Biche W.I. was held at the Dr. Swift School May 21, with 28 members and one visitor present.

The following reports were given:

The Cancer Drive Committee reported a collection of $329.53 to add to the cancer fund. Mrs. L. Hall read from a circular of other cancer drives, also of a cancer film available for the July meeting.

The Library reported a very good turn-out for the art display. A special mention of thanks to Mrs. Chester, Miss V. Welsh and Mr. O. Hannochko for making the display a success.

Also, members please note that your subscriptions at the Library have expired.

The hospital convener reported several calls this month.

Proceeds of the last bingo amounted to $46.23.

There will be a bingo at the next meeting. Also a handicraft display.

The lunch committee for June is Mrs. V. Griswold, Mrs. A. Griswold, Miss S. Zenowicz and Mrs. Lebas.

The meeting closed with God Save the King, followed by a delicious lunch. Mrs. J. Zeluzny was the lucky winner of the door prize.

Graduation Dance Set For June 7

GRASSLAND — Graduation dance for Grassland high school will be held in the Community hall, Thursday, June 7.

Annie Hula was unlucky enough to break her arm while practising the broad jump in the school grounds on Wednesday. After receiving first aid from the district nurse, she was rushed to Lac la Biche hospital by George Fleming Jr.

Nick Derko, councillor for division six, has promised to put the Blue Jay road in good condition. This road, which was sadly neglected while under the jurisdiction of the Local Improvement District, at present consists of a series of bog holes connected by a cow path. This district was only taken into the municipality last fall, and no doubt the road will soon be in good shape.

Hail has already been reported from the northern part of the district—fortunately too early in the season to do any damage.

Nick Derko has now installed a modern pumping system at his oil station in Grassland.

It is noted that Atmore, one of Grassland's easterly suberbs, is half way between Boyle and Lac la Biche. It may be pointed out that Grassland itself is half way between Athabasca and Lac la Biche.

Both girls' and boys' softball teams went down to defeat on the 24th at La cla Biche.

Parish Picnic Planned June 10

On May 6 the Ladies' Altar Society held a meeting at the home of Mrs. T. Torresson for the purpose of discussing the parish picnic.

The new officers for the coming season are Mrs. T. Torresson, president; Mrs. A. Fornari, vice-president; Mrs. Mary Keehn, secretary-treasurer. The date of the picnic was set on June 10. The meeting ended by singing of a hymn, after which a delicious lunch was served by the hostess.

Another interest in the community was the Apple Blossom club's achievement day held May 16. Miss Andressen, district home economist was accompanied by Miss Gurron, sewing teacher at Vermilion who did the judging of the girls' work. It was very gratifying to see the wonderful work the girls took so much interest in. The girls are now anxiously waiting the results of their year's work.

Rev. Fr. Ouellet, O.M.I., had a visit from Rev. Fr. Brigalia, O.M.I., missionary from Lac la Loche. To honor his presence the Venice parish prepared a chicken and macaroni supper.

Everyone enjoyed themselves lestening to Father tell of his adventures in his missions and singing Italian songs, everyone joining in.

KIKINO NEWS NOTES

Mrs. Hall from Onion Lake was up to visit at the home of Mr. and Mrs. Jim Cardinal for a few days last week.

Mr. and Mrs. Lloyd Cardinal and two children are up visiting their relations here for two weeks. They came from Prince George, B.C. by truck.

Mrs. Frank Lightening was taken to the hospital last Wednesday morning. She was very ill.

Mrs. Lloyd Cardinal and her little girl were taken to the hospital last Thursday night.

Mrs. Elmer Sinclair is a patient in the Vilna hospital.

Recently Oscar Bouchie had the tough luck of cutting his foot while out cutting pulp wood.

Louie Cromarty from North Katzman and Henry Cromarty of Pakun and John Whitford of McRae were up to the home of Mr. C. Thompson one night recently for a short visit.

MURIEL MILLARD, French-Canadian chanteuse, will be heard on the Rythmes de Paris show on the CBC Trans-Canada Network for four weeks starting this Friday night. Miss Millard has sung on television, is one of few Canadian performers chosen to sing for American viewers.

PARENTS and sweethearts from various parts of Canada were present for the closing ceremonies at the Royal Military college, Kingston, Ont., which marked the completion of the academic year for the cadets who will spend the next three months with the service of their choice prior to returning to college in September.

CHAMBER OF COMMERCE PRESSING FOR ROAD TO OUTSIDE IN 1952

McMURRAY—The McMurray Chamber of Commerce will introduce a resolution asking for new roads in the area at the annual convention of Chambers of Commerce and Agriculture June 6 at Red Deer. The organization will ask the provincial government to include funds in its next year's budget for construction of a road to McMurray.

Route to be followed by such a road will be left up to the government, and will serve to supplement the railroad. The Chamber of Commerce at McMurray has been pressing for this road for years as another means of communication with the outside but their efforts have been futile thus far.

The Edmonton civil defence committee has also sent a resolution to the government requesting more roads in the north and the McMurray Chamber of Commerce is giving its support to the Edmonton group's request. They have written the civil defence committee asking for support for their request at the Red Deer meeting.

CASLAN NEWS BRIEFS

CASLAN — Mr. J. Bury and daughter, Muriel, motored to Edmonton last week.

Mrs. John Sawka is home again after being in the Lac la Biche Hospital about a week.

Mr. Clayton Henson and three sons of Edmonton, spent last week-end visiting relatives in the district.

Mrs. J. Kuratius was a visitor in Lac la Biche recently.

Albert Meyer of Edmonton, spent May 24 at his parents' home.

A group of citizens turned out to do some road work to make the road passable between Caslan and Bondiss. One farmer was called upon during day and night to pull cars out of one very bad mud hole. The roads in this district are a disgrace and nothing much is done to improve them, except by the local people.

Mrs. T. McGowan and three children came from Saskatchewan and the former will keep house for Mr. O. Woodworth.

IMPERIAL MILLS NEWS BRIEFS

IMPERIAL MILLS — Mr. and Mrs. Jack Pearen and daughter, after spending the winter here in the employ of the Imperial Lumber Co., have left to take up residence at Kinuso, where Mr. Pearen has been transferred.

The planer mill of Imperial Lumber Co. has resumed operations after being closed for several months.

Plamondon Resident Visits Edmonton

PLAMONDON — Mr. and Mrs. Philip Plamondon Jr. made a business trip to Edmonton. Accompanying them was Mrs. Wilfdid St. Jean and daughters, Dolores and Carolyn.

Born to Mr. and Mrs. Joseph Gravel, a daughter.

Born to Mr. and Mrs. Elmer Plamondo, a son.

Here on a short visit were Mr. and Mrs. Otto Plamondon, Mr. and Mrs. Prosper Lemoges, all of Edmonton.

Mr. and Mrs. Dave Mellott were here Sunday for the christening of Mr. and Mrs. Harold Belanger's baby girl. She was named Paulette Carol Marie.

Mr. and Mrs. Auguste Tremblay christened their son Guy Joseph Anthony.

Mr. Octave Chevigny made a business trip to Edmonton where he will receive merical care.

Mr. Alfred Langevin is employed at Bob Piquette's Garage for a few weeks.

Mr. Aubie of Wandering River spent a week in Plamondon. from Whitecourt where he was

Mr. A. Gaden has returned employed at the lumber camp.

Mrs. Gerald Johnson will soon be leaving for Whitecourt with her new-born baby boy.

Mr. Ammie Coley, John Deere agent, spent a day in Plamondon district.

Many In Hospital At Lac la Biche

Mrs. Michael Zacharuk, Lac la Biche; Mrs. Philias St. Jean, Amsbury; Baby Garry Gravelle, Plamondon; Alice Chamzuk, Boyle; Mrs. Alex Bereza, Craigend; Anna Cadieux, Lac la Biche; Mrs. Marie Bessette, Lac la Biche; David Dudla, Blue Jay; Mr. Peter Budz, Donatville; Kenneth Littlechilds, Lac la Biche; Mrs. Harry Leschuk, Venice; Mike Przysiezny, Egg Lake; Mrs. Frank Wentzel, Noral; Mrs. Annie Kanzig, Grassland; Mr. Pat McNamara, Boyle; Mrs. Frances Rizzoli, Lac la Biche;

BIRTHS

Born: to Mr. and Mrs. Louis Boucher, a daughter on May 20.

To Mr. and Mrs. Bill Makar of Charron, a son on May 17.

To Mr. and Mrs. Lynn Whitford, a son on May 24.

MAN'S TROPICAL ENEMY

CORNER BROOK, Nfld. — White ants, man's great enemy of the tropics, will dig 100 feet below the earth's surface for water and can reduce a whole house to ruins within six weeks, according to the Bowater Papers.

ART DISPLAY IS ENJOYED BY LAC LA BICHE CROWDS

LAC LA BICHE — Under auspices of the Women's Institute, Lac la Biche has recently been favored with an art display sent out by the Cultural Activities Branch of the Government of Alberta, Department of Economic Affairs.

There were 28 pictures in the group by well-known Canadian artists, some of which were exceptionally good studies. Most of the pictures exhibited were enjoyed and fully appreciated by the many visitors to the display.

The art class, which has been conducted in the Dr. Swift School during the winter evenings by Mr. Hannochko, also had a very creditable display. Some of the students in Mr. Hannochko's class have not taken art instruction before, and he is to be highly commended for the time and instruction he has so willingly given to further interest in art in our community.

There was also a pleasing display of shell craft by the class conducted by Mrs. L. G. Hall, some very fine hand carving by Donald Blair, and a few of Miss Andreason's leathercraft pupils were able to finish their first piece of leathercraft in time for the exhibit.

Much credit is due to those who have contributed to cultural development in the rural communities, and may their efforts to kindle interest in hobbies meet with continued success.

EDITORIAL PAGE

Men vs. Machines

In Korea the first outright clash between Soviet and Democratic forces has proven that the Western Allies in the U.N. can withstand massive body blows from armed Communist might.

On the other hand, as our cartoon at right shows, the Communist nations outnumber the Western Allies in both manpower and armed force. For while the West spent five years de-mobilizing its armies Russia continued to build stronger forces after World War II and only recently has the West begun to follow suit.

Despite this, sober study shows that the Western nations still possess more efficient, better-trained, and better equipped-armies. The latest episode of the Korean war was fought between masses of men on the Communist side and relatively small, but well-equipped armies on the United Nations side.

While Russia's armies are of course better equipped than those of the Communist horde in Korea, the fighting there has exploded the myth of huge armies.

It has shown that a small, mechanized army can withstand countless blows from masses of men. When the Communists attacked they did so with foot soldiers carrying rifles. United Nations fire-power slaughtered the attackers and now the whole world knows the outcome.

It is to be hoped that global war can still be averted. But if a showdown should come, the superior technical skill of the Western nations will hold the key to victory.

Farm Survey

About June 1 farmers will be receiving through the mail a questionnaire from the Agriculture Division of the Bureau of Statistics. This is the regular June survey of crops and live stock undertaken annually in co-operation with provincial agricultural agencies. Commencing June 1 farmers will also be visited by an enumerator in connection with the decennial census of agriculture. The information for the June survey is needed even though a census is being undertaken this year.

The chief reason for this need is that it will not be possible to assemble and add all the census schedules before the early part of 1952. Current estimates of acreages sown to field crops must be calculated and published before the end of July this year. Therefore, farmers are urged to complete the usual June questionnaire in addition to the census schedule so that the regular statistical work may be carried out.

Statistics obtained from the annual survey are used extensively throughout the year by government departments, farm organizations and industry. International bodies, such as the World Food and Agriculture Organization, depend on the Bureau to supply up-to-date figures on Canada's agricultural industry. The farmer, through his response to the questionnaires sent out by the Bureau, has a real opportunity to help form a true picture of agricultural conditions and it is in his own interests to do so.

The survey has no connection with taxation. The farmer's individual form is seen only by workers in the Dominion and Provincial Agricultural offices. All individual forms are kept strictly confidential.

U.S. Price Controls

Price regulations put into effect south of the border in January of this year have operated reasonably well and many merchants and sales executives express the opinion that they have put an end to panic and scare-buying.

When buyers became convinced that prices would not advance higher, they cut down on their purchases. The result has been an accumulated inventory at many levels of the trade and, because of advance buying, some slowness in the purchase of items.

Another factor in creating excessive inventories is the volume of production of consumer goods, which has, so far at least, been affected very little by the rearmament program.

If price control continues to hold its own in the States, it will help the situation here in Canada. Continued high production of both civilian and military goods is required to keep down the cost of living. More work and not more controls will solve the problem.

Land of Dreams

By T. W. PUE

The popular song goes something like this:

New Orleans,
Land of Dreams
You'll never know how nice it seems
Or just how much it really means.

It's a pretty little ditty but if the correct pronunciation is put on the word Orleans it does not rhyme. Down around Basin St. they don't say Orleans to rhyme with dreams or seems or means. They say: Or-lee-ans. Even the Baptist preacher I heard in early morning devotional broadcast said it that way.

T. W. PUE

* * * *

HUB OF AMERICAS

This fabulous city, that has increased from half a million to 750,000 population in the past decade is truly the meeting place of the Americas. In April I flew from Chicago to New Orleans in four hours, a distance of nearly 1,000 miles. I rode in the 300-mile Constellation aircraft of Chicago-Southern Airline that boasts 15 years of regular service without a single passenger fatality.

At that speed we travelled at an altitude of 3,000 feet. When you release waste water from the wash basin it goes out like a shot, and if the plug isn't closed immediately air escaping from the cabin makes its exit with a screaming hiss.

We stopped at St. Louis, Missouri; Memphis, Tennessee; and Jackson, Mississippi, on the way down. It was April 15 and whereas snow still was plentiful three days before when I had left Edmonton, it was sultry and warm at the New Orleans' airport. The airport station is built along the lines of a hockey arena, or maybe it was intended to garage an army blimp or perhaps a lighter-than-air dirigible.

From New Orleans you can make connections for Mexico, Jamaica, Venezuela and other points in Central and South America. On the return trip our plane's departure was delayed because a big 56-passenger Constellation had just come in from Caracas and the travellers had to check with U.S. customs and immigration. Truly New Orleans is the Hub City of the Americas.

THEY SWIM IN SUMMER

In April, daytime temperatures in New Orleans reach 80 degrees, and fall back to a "brisk" 55 degrees at night. I enquired of friends where I could use my swimming trunks to advantage and was told that 80 miles away there were beaches on the Gulf of Mexico coast. "But," I said, "are there no swimming pools in New Orleans?". "Of course," they replied, "but they don't open until summer." With the mercury at 80 degrees in April, New Orleans still waits to summer!

Though the climate is mild and snow is unknown in New Orleans, they do not have a truly tropical climate. Hence the area is not developed for winter tourist trade.

THE FRENCH QUARTER

The most interesting part about old New Orleans is the historic French section. Here you can steep yourself in the history of the early colonial French period. The people are proud of their French sector.

When a southern gal marries she would just as soon marry a northerner but the chances are they'll not move out of the south. Hence, even in the old French section you'll find more Yankees than Southerners or French and the early French population has become indistinguishable from the whole population.

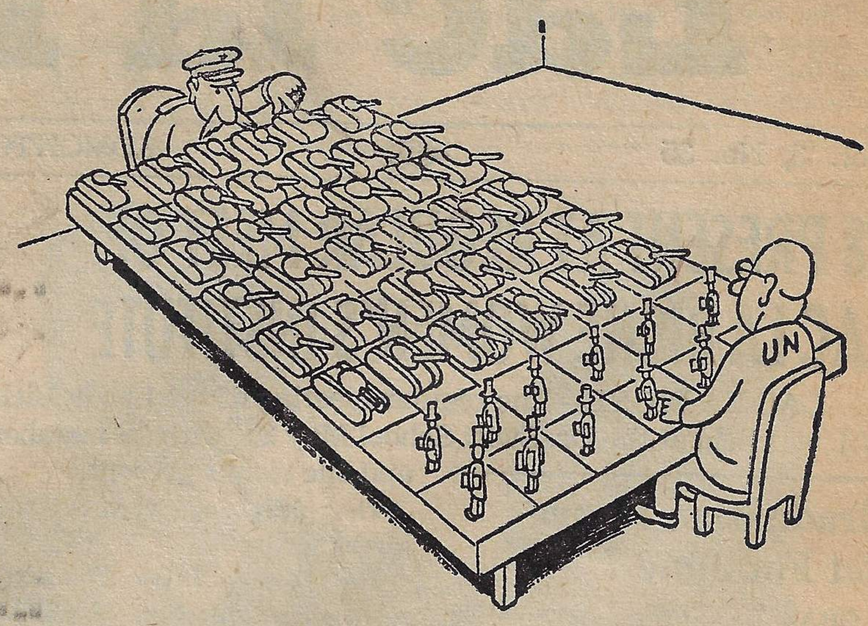

There are plenty of places in which to buy "period" furniture and antiques at fancy prices. One antiques salesman who told me he came from Detroit tried to sell me a palm pistol which he claimed had been owned by Napoleon Bonaparte and which he carried with him at the time of his courting of Josephine. I didn't have $75.00 to remember Napoleon with and when he saw it was no use selling me this "genuine" Napoleonic relic, unashamedly displayed a number of other pistols identical with the great general's original.

I wonder how many suckers return from New Orleans proudly displaying Napoleon's pistol — the one he used at the time he was courting Josephine. Reminds me of the American tourist who returned from Rome with Julius Caesar's skull. When told it was the skull of a ten-year-old boy she countered. "That's right; that's Julius Caesar when he was ten years old!"

The Bible Says:

For what is a man profited, if he shall gain the whole world, and lose his own soul? or what shall a man give in exchange for his soul?— St. Matthew, XVI; 26.

"THE CHESS GAME"

The big chess game between Soviet and Democratic forces continues. It looks here as if the odds are all on Russia's side, but such may not be the case.

Voice of the People

"VOX POPULI, VOX DEI"

"EYE APPEAL" SUSPENDED

Dear Sir — A news dispatch from Hollywood says that Betty Grable, the "eye appeal" of 20th Century Fox, has been suspended because she wanted a longer vacation than necessary before beginning a new comedy. I suspect that the suspension will be lifted in time to put her back into the show. After all, why cut off your legs to spite your eyes and that of the spectators also?

Mannville. MOVIE-FAN

WHOSE WHEAT POOL?

Dear Sir — A little over a year ago a manager of the Alberta Wheat Pool was made a director of a certain bank. A few weeks ago an officer of the Manitoba Wheat Pool was made a director of another bank. What next? Where are Pool farmers heading for — is that what we built the Pool for? Farmers should do a little thinking — who is going to get the gravy from our crops — or are we? The episode of the Wooden Horse of Troy makes excellent reading.

TOM POULSOM

Rochfort Bridge.

DIVORCE TROUBLES

Dear Sir — There is a big battle going on in Parliament over divorces. It seems that the only way a resident of Quebec can get a divorce is through a bill in Parliament. As Parliament doesn't question the circumstances, as does a court in other provinces, it is easier to get a divorce in Quebec than anywhere else. Why should Parliament's valuable time be wasted by dealing with stuff that belongs in court. If Quebec thinks it is getting around the divorce business by pushing it off on Parliament it is mistaken. I am against divorce, but I am also against wasting Parliament's time.

Edmonton. E. L.

SAFE PLAYGROUNDS

Dear Sir — Your editorial entitled "Death is so Final," which referred to keeping playground equipment in good condition, was very interesting. We haven't got much playground equipment at our school, but I agree with you that it should be checked carefully because I don't want my children to be hurt. I advise every school board in Alberta to do as you say and make sure the playgrounds at their schools are safe.

Redwater. MOTHER

ADVICE TO THE NORTH

Dear Sir — So some fool has written in and said the Northwest Territories can go it alone. The people up there are fooling themselves if they think they'll ever get any civilization organized. I'd advise any Northerner who wants civilization in his lifetime to catch the next dogsled south.

VOICE OF EXPERIENCE

Sangudo.

CPR'S OWNERS

Dear Sir — We see the railways are asking for more money. I wonder how many people realize where the profits of the CPR go? Only ten per cent of the CPR's stock is held by Canadians. Over 34 per cent is held by Americans, with over 50 per cent by United Kingdom and other Britishers. Stockholders in other countries make up the remainder.

FIVE-POWER PEACE PACT

Dear Sir — I'm in favor of a five-power peace pact between the United States, Russia, France, the Peoples' Republic of China, and Great Britain. Any of these that refuse to meet for the purpose of signing such a pact show evidence of aggressive designs, and should be so considered.

Hamlin. F. E. MARICLE

DEFENDS INDIANS

Dear Sir — I read an article in a Toronto weekly that circulates out here about Alberta Indians. The article is just so much bunk and baloney. The Indians in the colonies live no differently than the white people. They are farmers like many of us and they do not live in tents, like the article said.

Lac la Biche. T. F. LABOUCANE

HE'S GOT A BEEF

Dear Sir—May 24th was marked by sports day in a lot of towns around northern Alberta. Myself, I was at the Model T races in Edmonton. I really enjoyed myself but I've got just one beef. The catering service at the hot dog stand was very poor. Now I realize the attendant were all volunteers, and not too experienced in handling big crowds. But just the same I hope they have a better arrangement next year. Meanwhile, an orchid to the Edmonton Lions Club for sponsoring the fine day of entertainment—I hope they raised lots of money for their charitable projects.

Edmonton MODEL T-FAN

RENT CONTROLS

Dear Sir—I read in your paper that hearings of the Rent Control Board open this week. I also notice you paper was the only one to point out that this new system isn't really rent control—as you say any place that becomes vacant is automatically decontrolled. I read some where else that rents could only be changed at the instigation of either landlord or tenant. How dumb do they think we are? Who else but the landlord or tenant would be trying to change the rent?

Jasper Place. TENANT

New Trends Showing Unusual Furniture Design

Furniture is taking unusual shapes these days in its trend to functionalism.

Veteran designer Erno Fabry in his latest group of living-room pieces featured a glass-topped coffee table shaped like the human eye and a luxurious upholstered chair with a back cut in the shape of an elephant's ear.

Fabry defended both designs as "functional and easy to live with."

The coffee table, finished in a near cocoa-colored shade called "platinum walnut," is ample in size—measuring 42 bv 57 inches.

He explained the unusual shape was inspired by the housewife's love for sectional sofas.

IT'LL ALWAYS FIT

"No matter how the furniture is arranged, the coffee table will fit with it," he said.

Fabry's "elephant ear" chair is a modification of the traditional wing-back. The section where your head rests is wide, or winged. But the rest of the chair back is narrowed some eight inches so that as Fabry said, "You don't feel all shut in when you sit down."

Fabry goes along with several other designers whose newest lines stress versatility.

He designed a tea or serving cart on rollers. It's serve also as an end table, and folds up to a flat slab for easy storage. Another end table, with drawer space, has a convertible top. Folded, it's the usual lamp table. But opened on invisibles hinges, it becomes a small desk or sewing table.

BRIDGE TABLE EXPANDS

A 36 by 36 inch bridge table has a convertible top also. Pull out the top—and the legs don't move in the process—insert a leaf, and it becomes a dining table to seat six.

Designer Russell Wright equipped a day-bed with drop leaf wooden arms which can be raised to serve as end tables. He also made night tables on casters, and with shelves which pull over the bed to hold a breakfast tray.

Designer Deering Davis built a dining room table which extends to seat 14 but can be reduced to a tea cart. It is on rubber-tired casters and holds linens and silver in its base.

A night table has removable legs and becomes a small chest, which can be combined with a larger chest for a multiple unit in the bedroom. Even his bed design provides for a functional extra—a built-in tray for breakfast, reading or writing.

DR. DOROTHY MANN of Peterboro, Ont., has become the fourth lady doctor in Canada to be named a member of the Royal College of Obstetrics and Gynaecology, in England. Membership is one of medicine's highest honors.

Cod are perhaps the most important of all marine resources of Quebec's Ungava Bay from the point of view of possible development as an Eskimo fishery.

2.65 Inches Of Rain Fell Here This Year According To Report

BOYLE—Searle grain precipitation report shows to date rainfall. this year, 2.65 inches; last year, .12 inches; long time average, 1.24 inches. Subsoil reserve from last fall is 3.83 or 79 per cent of normal.

Albert Plackner, formerly of Boyle, was married to Miss Margaret Pehan of Frains on May 12 in the St. Paul's Church of Boyle. Later a reception was held at the bride's home, followed by a dance in the evening.

Miss Shirley Ball and her fiance, Eddy Kormody, were visiting Shirley's home for the weekend.

Mrs. I. Mikalnois and Mrs. J. Devernachuk were away for a few days last week attending a teachers' convention in Edmonton.

Born to Mr. and Mrs. D. Lachy a baby boy, in the Lac la Bich Hospital May 11.

The Students' Union of Warren High School are having a dance in the High School May 18. The purpose of this dance is to aid in putting on a graduation party in June.

LANA TURNER and Enzio Pinza seem to have found an amusing line in the script of their new G-M-G Technicolor picture, "Mr. Imperium." Yes, both Mr. "South Pacific" and Lana both raise their voices in song in this new film production.

WASKATENAU NEWS BRIEFS

Mr. and Mrs. Lewis Fowler and children of Athabasca were recent visitors at the Les Phillips home.

The R. J. Elliot family spent the Mother's Day weekend visiting Mr. Elliot's parents at Vermilion, and Mrs. Elliot's brother, A. Redman at Dewberry.

Mrs. Fred Fowler and Gary spent Mother's Day weekend in Waskatenau. Mr. Lightbody has gone to Hamilton, Ont., to spend the summer with his son's family.

Friends in the district were pleased to see Mrs. John Byrne of Edmonton when she visited here on Mother's Day. Mrs. Byrne was accompanied by Mr. and Mrs. Tim Byrne and their son John, also Maureen, daughter of Mr. and Mrs. Mark Byrne.

A new resident in the village is Mrs. Marko of Clodford who has purchased the Klem home.

Mrs. George Woodward of Bentley visited relatives here recently. She reports that Mr. and Mrs. P. Knight have flown to the west coast for a holiday.

Mr. and Mrs. Bob Fulk's of Edgerton, visited their parents, Mr. and Mrs. Percy Fulks of Waskatenau and Mr. and Mrs. Walter Wood of Radway.

PINE KNOLL DISTRICT NEWS

A bridal shower was held for Miss Isabelle Semeluk at her home on May 19. The guests danced to the music of the Edwand orchestra, then a delicious lunch was served. After the gifts were opened, dancing continued till early Sunday morning.

Bill Garra of Insinger, Saskatchewan, a talented violinist, visited friends of the Vilna district on May 19 and 20. Garra likes the place and says "I'll never forget this part of the country."

HOME AND SCHOOL MAKING PLANS FOR OFFICIAL SCHOOL OPENING

VILNA—The regular meeting of the Home and School was held in the new school on May 15. A good attendance participated including the Superintendent of Schools, H. A. Kostash.

Delegate, Mrs. Bullock gave a lengthy and interesting report on the convention held in Edmonton. At the conclusion of her report, the president called on Mr. Kostash to take over the duties of the framing rituals. He opend his address by reading the "Creed" pertaining to the Home and School as a whole, with due respect to its significance. The charter was then presented to George Shapka, president of the local home and school, with congratulations on the success of the club. The charter was hung on the wall in the principal's room and a vote of thanks from the president on behalf of all members.

Following this the meeting was open to discussions with regard to the forthcoming official opening of the new school here in Vilna. Committees were appointed to decide on the procedure to be followed. The last meeting of the Home and School for this term will be held in the new school on June 21. A large attendance would be appreciated.

Other participents outside Vilna, such as officials and ministers will be announced later. Printed invitations will be mailed to speakers only, all others are openly invited to attend. The opening is open to all who feel that they would like to be present, so do not wait for an official invitation, but come and partake in the ceremony.

A meeting of the committee appointed to arrange for the official opening of the new school was held on Thursday May 17. The following are the persons involved and their respective offices, Divisional Board, Zotek, Antonuik and Kostash: Local Board, Kaziuk, Archer, Paley, Politylo; Home and School, G. Shapka, Elaschuk, Mrs. Necyk, Mrs. W. Kureluk; School Staff, Bullock, Rudiak, Necyk, Miss Romanchuk; Village of Vilna, Zacharuk, Elaschuk.

Program and invitations committee, Antoniuk, Zotek, Necyk, Elaschuk, Archer; Platform Committee, Zotek, Paley, Greckol, Politylo; Lunch, Mrs. Kureluk, Mrs. Necyk, Miss Romanchuk Zacharuk, Bullock; Hall Committee re: dance, G. Shapka, Zotek, Rudiak; Supper Committee, Archer, Krawchuk; Entertainment Committee, Mrs. Morez, Bullock.

Officers Elected For Baseball Club

SMOKY LAKE — On May 10 the annual reorganization meeting of the Smoky Lake baseball club took place. Those elected were, President, Steve Kotyk; Vice-President, Bill Wagill; Manager, Mike Skuba; Coach, Mike Sokolowsky; Secretary-Treasurer, Nick Skoropod.

Harry Holowaychuk, former manager of the club decided to retire from his position.

The club planned an active season. Equipment is being puchased and practices scheduled. The first game the boys played was at Bellis.

RADWAY NEWS ITEMS

Joe Kaminsky. mechanic at Litwin's garage has quit his job and may go back to work at Redwater.

Starting on the first of June the CNR station will be open only at train time on Saturdays and Sundays of each week. There is no change of office hours on week days.

There are rumors that an oil well will be drilled shortly on Steve Kuchmack's farm, six miles south of Radway.

OLIVER Standard "77"

...Huskily Built to Lick Hard Jobs

In tough spots the Oliver Standard "77" gets down and "lugs" . . . takes you through without shifting. Its 6-cylinder engine gives you more pulling power in each of the six forward speeds. And, to assure topmost economy and power, engines in distinct fuel types are available.

Other advancements found in the 2-3 plow Standard "77" include metered oil system, self-contained belt-pulley, grouped controls, battery ignition, comfortable rubber spring seat, and the Direct Drive Power Take-Off unit which operates independently of the tractor clutch.

Liberal Candidate Confident of Winning Northern Vote In June By Election

Voters will go to the polls in the northern constituency of Grouard on Thursday, June 21, in a byelection in which the Liberal candidate is confident of winning the seat from the Social Credit government.

Premier E. C. Manning this week confirmed the date for the byelection. Nomination date is June 10.

Liberal candidate J. R. Desfosses of Falher is busy stumping the constituency, and predicts he will win the contest.

THREE-WAY CONTEST

A three-way campaign is in progress for the seat vacated by Dr. J. B. T. Wood, the Social Credit member who was elected in 1948 and resigned before the recent session.

All three Alberta political parties with representation in the legislature have nominated candidates.

In addition to Mr. Defosses, there is C. R. Clarke, McLennan railwayman carrying the CCF banner, and D. S. McLaughlin of Kinuso, a government road foreman who is campaigning on the Social Credit ticket.

It is understood several provincial cabinet ministers will tour the constituency on behalf of the Social Credit candidate.

Hon. Geo. Prudham, minister of mines and technical surveys in the dominion government and Liberal M.P. for Edmonton West, is expected to conduct a public speaking tour on behalf of Mr. Defosses.

Pre-election interest in the vote is already high, and a near-record turnout of voters is expected.

The district is comprised mostly of farmers, railway workers, and small businessmen.

The nickname of Arkansas is the "Wonder State".

NEW FARM SCHOOL OPENS

All students who apply and fill the requirements of the Alberta Schools of Agriculture should be accommodated in the schools this year.

In previous years, a number of younger applicants have been refused admission because of lack of accommodation. However, the opening of the new School of Agriculture at Fairview this fall will provide room for all applicants. Applications to date have been slightly higher than those received in previous years and 12-15 applications for admission to the Fairview school have been received already.

Regular fall and winter courses will begin October 23 and close April 9, 1952, and outlines of the courses offered now are available from the school principals.

Alberta agricultural schools are located at Olds, Vermilion and Fairview. The minimum age for admission is 16. There are no academic requirements for entrance but those with at least Grade 8 schooling are likely to obtain greater benefit from the course.

Subjects in agriculture include field husbandry, dairying, animal husbandry, farm mechanics, farm management, horticulture, dairying, poultry, economics and co-operation. In the home economics course, cooking, nutrition, sewing, laundering, home nursing, home management and home mechanics are taught. In both courses, classes are provided in English literature, public speaking, composition, arithmetic and general science subjects.

The courses offer an excellent opportunity for young men and women to become better acquainted with up-to-date farming and home-making methods.

SYMBOLIC of the many nationalities in Alberta is the Chinese booth at the Carnival of Nations held in Edson recently. Twelve nationalities were represented with booths depicting their native handicrafts.

12 Nationalities Represented At Recent Carnival of Nations

Alberta's varied strain of races and nationalities were well represented at a Carnival of Nations held in Edson recently.

The school auditorium was crowded to capacity for the event sponsored by the Edson Women's Liberal Association.

Ntaionalities represented with stalls were Russian, Estonian, Scotch, Irish, Danish, French, English, Chinese, Norwegian, Italian and Canadian. All stalls were attractively decorated and displayed items peculiar to each country.

People attended from the entire district surrounding Edson, and over 400 saw the very fine program and inspected the booths. School children in particular found the display of educational value. Thirty youngsters came in from Mercoal.

Square dances were done by Mr. and Mrs. Nick Miluch, Mrs. J. K. Wilson, Miss Lister, Mr. and Mrs. O. Field, Mr. and Mrs. Bergerson, Mr. and Mrs. R. Mahon, and M. and Mrs. O. Linkert.

Master Seitde Van Guast sang a Dutch song, and Mrs. W. Thomas of Luscar rendered a Welsh selection.

Dances were featured by Mercoal children who did a tap dance, "Turkey in the Straw" and by Misses Lois James, Karin McIntyre and Gay Adams, also of Mercoal. Mr. Bob George gave a fine version of the "Sailor's Hornpipe.

Rev. W. Race and Master Nicky Stakich sang solos; and Mr. S. H. Cliffe did a monologue.

The French Minuet was danced by Linda Mahon, E. Congrave, Jane Gregg, M. Nigro, D. Rukavina, M. Dunphy, S. McKeever, and J. May.

Very fine Ukrainian choruses were presented by Miss Vera Matiusky of Wildwood and the Misses Vera Schabzko, Sophie Kasanick, Mary Schorabahaty, of Evansburg.

Accompanists were Mrs. George G. Maclean, Miss Doreen Wheat, Mrs. W. Race and the Marshall orchestra.

125 Rural Power Co-ops in Alberta

There are 125 rural electrification co-operatives in Alberta. These associations have been responsible for the construction of rural electrification projects involving a total expenditure of $5,680,023.

The associations borrowed $2,106,733 of this amount under a plan whereby the loans were guaranteed by the Province under the Co-operative Marketing Associations Guarantee Act.

Canadian Mounties Get New Job --To Track Down Bootleg Butts

The Royal Canadian Mounted Police have a new job now — chasing down bootleg American cigarettes. In recent years, the activities of Canada's famous force have been expanded to include spy-hunting and delivery of baby-bonus checks to Eskimos. Their latest chore promises to be the toughest of all.

When Finance Minister Douglas Abbott sought new revenues in his recent budget he increased the excise tax on cigarettes by three cents for a package of 20. This made the retail price 40 cents, of which about 27 cents is tax. The budget presented Canadians for the first time in their history with a two-cent cigarette.

Canadians have not taken mildly to the two-cent fag, especially since the tax on liquor and beer was not increased.

Nicotine lovers cannot see why they should have to provide $30,000,000 extra a year for the cold war while tipplers can warm themselves up for no extra charge.

There would be little they could do about it except for the fact that 20 cigarettes cost anywhere from 16 cents to 21 cents in the United States and — as after-dinner speakers have often proclaimed — there are 3,000 miles of undefended frontier between Canada and the U.S.

Expecting an orgy of smuggling, Finance Department officials asked the RCMP to take over the colossal task of running down this smuggling and preventing Abbott's projected $30,000,000 from going up in American smoke.

RCMP headquarters in Ottawa has responded with a manful "Aye, ready," but there is no attempt to disguise the fact that they are faced with one of the heaviest tasks of their long history.

Already packages of the popular American brands are appearing in smokers' hands like magic.

These, generally, are not bought legally, as the price of regularly imported American cigarettes equals the new Canadian price. The RCMP's task is made more difficult because people generally are not in sympathy with the new taaxtion rates.

By night trucks are rolling over deserted border points. Fast launches are crossing the water areas. Prohibition.

RCMP investigators who travelled hundreds of miles in recent investigations have already made four seizures of illicit cigarette cargoes hauled across the Quebec border from the United States.

OIL MAKES A COUNTRY STRONG

THE ROUGHNECKS ARE MOVING ON!

In the language of the oil fields, "roughnecks" are the men of the drilling crews who probe deep in the earth for oil. You'll find them in any oil field doing the hard tedious work that goes into the drilling of every well.

But roughnecks like it best when the going is toughest and most exciting—when they move on to search for oil where it has never been found. In Alberta the odds are against them, only one wildcat well in 20 is likely to be successful.

Working against these odds, roughnecks' drills have tapped more than a billion barrels of new oil in Alberta since 1947, bringing new prosperity and new security to all Canada. In fact Canadians now produce one in every three barrels they use—but we still must depend on foreign countries for the other two. To be self-sufficient we must have three times our present reserves.

The roughnecks keep moving on in the unending search for oil. As they succeed they benefit and strengthen the entire nation.

Good buildings on the place, including electricity and water pressure system. Price reasonable. Apply Lucien Provost, Massey-Harris dealer, Phone 7, Legal, Alta. C-TF

In Hollywood

BEN COOK

HOLLYWOOD — Gary Cooper has gone to considerable trouble to make certain that he wouldn't be contaminated by any Florida sun during a film location to that state.

Not that he has any grudge against Florida sunshine. He was acting under orders.

Cooper went to the peninsula state for several weeks' outdoor shooting on the United States Pictures Technicolor film, "Distant Drums." That posed a problem for the cameraman. The photographer on a color film has to be extra careful about variations in what he calls "color tone".

The tone changes when the skin picks up red undertones from the sun's rays.

Special Cosmetic

The problem was turned over to Gordon Bau, head of the make-up department at Warner Bros. studios. He concocted a special cosmetic lotion to screen out all the sun's rays, just as effectively as if the wearer were indoors.

Cooper and all the other California-tanned actors in "Distant Drums" covered themselves with "sun-proofing" lotion every morning before exposure to Florida sunshine. Then the makeup men applied just the right amount to keep the skin color constant.

They returned to Hollywood untouched by the Florida sun that thousands of tourists pay to absorb.

Bau is an old hand at helping nature. It was not so long ago that he was called on to help out with the picture, "Only the Valiant," when it was on location in New Mexico. The modern Indians didn't appear too realistic, so he had to concoct a special compound to make their skin look the way the Noble Redman's is supposed to look.

FAMILY TAKES PLANE

REGINA, Sask.--(BUP)--When J. C. Boyle and family moved from Regina to Vancouver, they needed one half the TCA plane. The family includes the mother, father and eight children.

REAL ESTATE

Officials Talk Liquor Control

Top city officials of Edmonton and Calgary met with Premier Manning behind closed doors this week to discuss enforcement of the Liquor Control Act in Alberta's principal cities.

Premier Manning refused to make a full comment on the meeting, except to say that "a discussion of the general administration of the Alberta Liquor Act was held"

The Premier denied that mixed drinking was the subject of discussion. In view of his denial, it is believed the talk centred around enforcement of the act and control of bootlegging.

The meeting, which lasted about two hours, was attended by Mayor Parsons, Chief Constable Jennings and City Solicitor Thomas Garside on behalf of Edmonton. Calgary's representatives were Mayor Don McKay and Chief Constable Reg Clements.

Students To Brush Teeth At School

TORONTO — A report made here to the recent meeting of the Ontario Dental Society may result in the addition of the tooth brush to classroom equipment of Canadian school children.

Canadian educators are showing keen interest in a daily in-classroom toothbrushing program described to the dental meeting by Dr. H. A. Zander, dental professor of Tufts College Dental School, Boston, Mass.

Students using penicillin powder to brush their teeth in a daily seven-minute exercise experienced 55 per cent less cavities after two years, Dr Zander said.

FLOWERS are blooming in Canada's capital as spring spreads across the country. Dignity and beauty are combined in this scene of the Peace Tower and its border of colorful tulips. Nearly a half a million Dutch tulip bulbs, a gift from Holland, bloom each year in the Capital.

Alberta Act Outlaws All Slot Machines

Alberta's Slot Machine Act covers games of skill as well as games of chance, according to H. J. Wilson, deputy attorney-general.

Commenting on the current controversy over coin-operated games, he said that the Act covers any game which results are not known in advance It covers all coin-operated games, including those in which one can win money. Gambling as well as amusement devices are outlawed in the Act.

DIFFERENT RULINGS

According to local reports, J. E. Hart, solicitor for the Alberta Attorney-General's department coin-operated games of skill as well as "slot machines" are classified as "slot machines."

Police enforcement of the Act has at times been at variance with the Act. Rulings in local courts have also been at variance with the Act.

Recently a magistrate ruled a "hockey game" illegal, and the ruling was later set aside in district court. However, the magistrate's ruling is the only one that has been accepted by the Attorney-General's department in view of the sweeping definition under the Act.

It has been reported that points outside Edmonton have been less strict in enforcing the Act.

Recently an Edmonton premises was raided by police and a number of slot machines seized

It was learned that the controversy here has been caused by the fact the Slot Machine Act is more stringently enforced here than elsewhere in the province, even though enforcement here is not complete.

Cricketers Still Have Place In Calgary

CALGARY — (BUP)—Cricketers still have a place on the playing fields of Calgary, despite the protests of residents who claim the game endangers their children.

The city's special parks and playgrounds committee favors allowing cricketers to continue to use Riley Park despite Alderman D. F. McIntosh's protest that "you never know which way they're going to hit the ball".

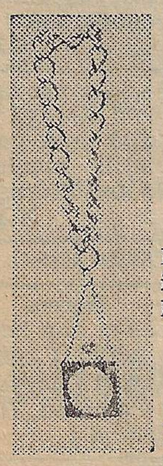

Said Mayor D. H. MacKay: "The only thing which ever stopped cricket is tea".

LETTER TO LOUISA

Clever Girl Lacks Ability To Get Along with People

DEAR LOUISA:—I have a very good friend who has many good traits and who is extremely clever but she lacks the ability of getting along with people.

We both belong to a civic club and whenever she is given a job to do it is done well but in the meantime she has had several settos with different people and everyone is in a bad humor.

Isn't it a shame that so many people who are intelligent and clever nullify all the good they do by not using tact.

TWENTY-ONE.

Answer:

Your friend is an example of why people who have high IQ's are not necessarily the best ones for jobs that are open. A good personality and adaptability are most important for some types of work and a person who possesses those things, even though he is not so smart in a truly literary sense, is usually more successful than the introvert who makes straight A's.

That is why an only child should have companions early in life. He should learn to adjust himself to the group and learn that people have to give as well as take. This enables him to get along with his schoolmates when he starts to school and makes his whole life happier.

I do not know if there is anything you can do for your friend. It is certainly a pity for a clever girl to ruin all the fruits of her labors by being snippy and lacking in tact.

LOUISA.

Dear Louisa:—I go with a boy who brags a lot and I was surprised to hear an old aunt of mine say it was because he had an inferiority complex. It seems to me that a person who boasts of what he is and has does so because he feels superior to other people rather than inferior. What do you think?

G. B. L.

Answer:

On the contrary those people who brag the loudest are usually those who are not sure of themselves and feel that they must make an impression on other people as well as convince themselves.

People who come of good stock do not have to spend their time pointing it out to the world nor are they rude enough to discuss the status of others not so lucky.

Your aunt is probably right.

LOUISA.

Albertans Pay More For Bottle Of Beer

Price of beer in Alberta has gone up one cent to 27 cents a bottle. There is no change in price or content of beer sold by the glass. Bottled beer bought by the dozen at government liquor stores will go up five cents to $2.30 a case. Licensed hotel premises may charge a maximum of $3.24 a case. Rye whiskies and gins are up five to 10 cents a bottle, with prices of Scotch whskies unchanged.

Some price reductions were announced for some brands of rum, brandy, wines and liqueurs.

GOOD REASON

Teacher — What inspired the oldtime pioneers to set forth in their covered wagons?

Student — Well, maybe they didn't want to wait about thirty years for a train.

SMOKY LAKE DEFEATS WARSPITE IN FIRST GAME OF THE SEASON

SMOKY LAKE—The Smoky Seniors did in the first game of this season something which they couldn't do all last year. They walloped Warspite—but proper—in the final game of a tournament staged at Bellis May 20.

In the first round Smoky got a bye. In the second they blanked Hamelin 12-0 behind the one-hit pitching of Nick Ungarian, former H. A. Kostash high school pitcher. John Palamarek got the first homer of the season in this game.

The finals saw Smoky Lake and Warspite battling it out. Warspite was spotted three runs in the first inning and one more in the third, and then Smoky Lake dominated the scoring from there on. Proskiw started on the mound for Warspite and was charged with the loss. He was replaced by Tronnis, Warspite's ace, but proved ineffective as Smoky Lake kept hammering out run after run. George Halisky, rooky shortstop looked very promising, as did Paul Feschuk, catcher. Bill Esepenko pitched good ball, but had trouble with his control in the latter part of the game. Final score in this game was 16-8.

GIRLS TEAM TAKE TOP

The H. A. Kotash Girls' Fastball team found themselves holders of the first prize at Bellis tournament, behind the superb pitching of Grace Korbut. The girls trimmed Vilna 14-1 in the opener and took Bellis 14-7 in the second. Result was Smoky Lake, first; Bellis, second and Vilna, third.

Fisherman's Dream Comes True In Hawaii

No licence required! No closed seasons! No inclement weather! And, most important, no shortage of fish!

That, in short, is a description of a fisherman's paradise — a fisherman's dream that really exists. This angler's retreat is Hawaii where the fishing season is open the year round.

There are no closed seasons on the mid-Pacific's deep-sea game and the setting is perfect, according to Northwest Airlines Edmonton public information bureau.

In additon to standard deep-sea game such as marlin, tuna, barracuda and sailfish, there are a number of unusual prizes to tempt rod and reel experts. Dolphin, wahoo, albacore, bonito, cavalla, bonefish and bright reef fish, not to mention the thrill of going after an ocutpus with a spear, offer fishermen a taste of something different.

And no licence is needed. There is a nominal fee for trout and bass fishing featured on the island of Oahu and Kauai where trout and bass have been imported for freshwater sport.

But for surf and shore casting, trolling, spearing, torching, netting and bottom fishing, there is no charge.

Bonus for Hawaii's fishing guests who can reach the islands by fast Northwest Airlines flights from the mainland is the climate and scenery of the tropic archipelago. Fishermen going out with charter boat captains discover coves and inlets flanked by untouched Polynesian jungle. Mountain, valley and corral sand beach views are available to all.

NO KNOWN CURE

Arthritis Society Seeks $50,000 In Fight Against Rheumatic Diseases

Alberta division of the Canadian Arthritis and Rheumatism Society opened its 1951 campaign for $50,000 this week to fight disease for which there is still no known cure or cause.

The $50,000 will be used to expand the society's program for research into arthritis and other rheumatic diseases, to assist the University hospital in Edmonton and the Holy Cross hospital in Calgary to operate arthritis clinics, to establish mobile units at Edmonton and Calgary for treatment of patients,

H. R. Milner, KC, is president of the Alberta division of the national organization, Edmonton members of the board of directors are John R. Munro; Leslie Nickols; Carl E. Berg, MBE; Elmer E. Roper, MLA; Allen McBain; F. W. Thyne; R. M. Montague; Allan McClean, John L. McIntyre, and Gerry Gaetz.

Edmonton members of the group's medical advisory committee include Dr. John W. Scott, Dr. P. H. Sprague, Dr. M. G. McCallum, Dr. M. C. Adamson, and Dr. R. K. Thomson.

Over 600,000 Canadians suffer from rheumatic diseases, with 100,000 totally or partially disabled, and 5,000 being confined to bed.

Rheumatic fever is the second leading cause of death of children between the ages of 5 and 15, and is a basic cause of a large share — about one third — of all heart diseases.

In the words of an official of the society, "Our aim is to provide the highest standard of diagnosis and treatment . . . we expect no miracles but we know we can remove much of the terror of these diseases."

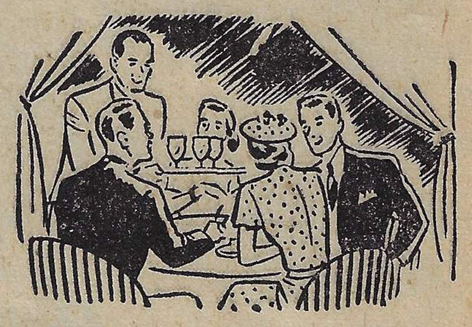

"Remember," the official added, "this is not a campaign simply to raise money. It is a campaign based on the best medical science available, to bring relief from pain and disability of the thousands suffering from rheumatic diseases."

Contributions may be sent to the Canadian Arthritis and Rheumatism Society, Alberta Division, 9304 Jasper Ave., Edmonton, or to J. W. McDiarmid, honorary treasurer, care of the Imperial Bank, 100 St. and Jasper Ave.

SMOKY LAKE NEWS NOTES

Terry O'Donnel, former assistant agent for CNR in Smoky Lake was transferred to Edmonton. A number of his friends gave a surprise farewell party for him.

New Defence Circulars Aid Civil Defence Plans

Civil defence information of value to all Alberta defence groups is provided in a new Civil Defence Circular which will be distributed regularly from Civil Defence Headquarters at Edmonton.

The new bulletin will serve as a common medium of information on civil defence progress in Alberta as well as a source of instructional material.

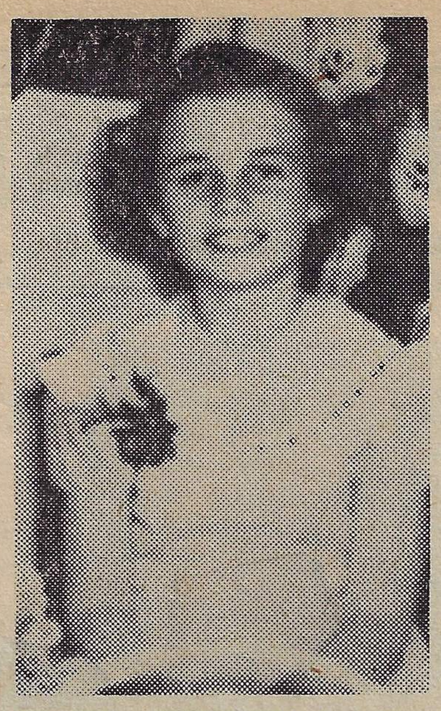

Hon. C. E. Gerhart, Minister of Civil Defence, has asked all Alberta municipalities to send in regular reports on civil defence progress in their localities. This information, which should be sent to Air Vice-Marshal G. R. Howsam, Co-ordinatod, Administration Building, Edmonton, will inform provincial civil defence officials on local progress and, as well, serve as a source for the material contained in the civil defence circulars.

He said that, although progress had been made in planning and organization, the work of recruiting civil defence personnel had only begun. He mentioned Calgary's high state of preparedness as well as the excellent local course in civil defence procedure being given at Lethbridge.

Provincial Civil Defence Headquarters will be expanded by additions to the staff and a secondary headquarters which will be situated outside Edmonton. Headquarters will be in either the Legislative Buildings or the Administration Building.

Lt.-Col. P. J. A. Fleming, Chairman of the Alberta Board of Censors of the Provincial Secretary's Department, is representing the Province at the first course of the Government of Canada Civil Defence Technical Training School, near Ottawa.

The course will instruct Col. Fleming in civil defence organization, radiological detection and decontamination, protective measures against atomic, biological and chemical warfare and against high explosive and incendiary bombs. Other provincial representatives will attend later courses at the Dominion Civil Defence School.

SYLVIA SHERWIN, daughter of Mr. and Mrs. J. D. Sherwin, 11330 64 St., led Edmonton performers in the Alberta Music Festival with a score of 175 marks for piano playing.

1951 BUILDING PROGRAM TO COST ALBERTA GOVERNMENT $6,290,250

Alberta's building program will cost the provincial government over $6,000,000 in 1951, according to an announcement this week.

Money will be spent as follows:

Completion of the Aberhart Memorial Sanatorium and Nurses' Home—$640,000.

Completion of the Administration Building at the Central Alberta Sanatorium, Calgary—$150,000.

Construction of two dormitories at the Provincial Training School at Red Deer—$225,000.

Additional dormitory at the Ponoka Mental Hospital—$150,000.

Construction of an Administration Building and completion of new tuberculosis wing at Oliver Institute—$600,000.

Construction of a new Biological Science Building and Engineering Building at the University of Alberta—$500,000.

New Administration Building, Edmonton—$1,100,000.

Provincial Buildings at Grande Prairie and Drumheller $250,000.

Repair and storage buildings—$105,000.

New Land Titles Building at Edmonton—$400,000.

New Court Houses at Edmonton and Lethbridge—$400,000.

Provincial Jail at Fort Saskatchewan—$190,000.

Completion of Provincial Institution at Bowden—$600,000.

Further construction work on the St. Mary - Milk Rivers Irrigation Development Project—$3,000,000.

199 MILES DONE

Survey Work On Alta. Borders Halted By Gov't

Survey work on the Alberta-British Columbia and Alberta-Northwest Territories borders has been curtailed for the spring months.

Crews on the Alberta-Northwest Territories boundary completed 99 miles of land east of the Mackenzie Highway during the winter, leaving 60 miles to Fort Smith and the area west of Mackenzie Highway still to be surveyed.

The party surveying the Alberta-British Columbia boundary completed about 100 miles, finishing the season parallel to Upper Hay Lakes Another 60 miles still have to be surveyed to meet the Northwest Territories border.

The Boundary Commission, made up of representatives of the Provincial and Dominion governments, is expected to meet this month to decide whether crews should continue surveying through the summer months. Poor progress due to swamps and forest fires was experienced by last year's summer parties.

However, surveying will continue this summer on the Wood Buffalo Park boundary and crews are expected to complete the Alberta section within the year.

Authors' Group Living Beyond Means

OTTAWA—The Canadian Authors' Association has been living beyond its means and must be prepared to undergo a radical reorganization if it is to survive, its president said.

Dr. W. G. Hardy of Edmonton, C.A.A. president, said in an address to the association's Ottawa branch that members must decide at the national conference in Banff this summer what policy to adopt to rectify the situation.

The executive council had discused reducing membership fees from $10 to $5.

Three or four plans to put the C.A.A. on a sound financial footing would be presented at the Banff conference.

"If you drop the C.A.A., you have no national body to foster Canadian literature, no Governor-General's award and no president's awards," Dr. Hardy said.

LAC LA BICHE NEWS NOTES

Mr. Albert Jones, from Edmonton, visited relatives and friends for the holiday. Albert is employed with the C.W. Carry Steel Works in Edmonton.

Miss Cecile Perron, daughter of Mr. and Mrs. Mike Perron, returned to Vancouver after spending three very enjoyable weeks visiting her parents. Miss Cecile has been supervisor for the past four years for the Fairmont Telephone Exchange in Vancouver. Miss Doris Stack spent last week with the Perron's on her holidays. The girls flew back to Vancouver where they work for the same company.

Con Moisey is home doing nicely and expects to be back on duty soon.

Mrs. T. B. Lett, president of the WI and Mrs. A. Proctor went as delegates to the WI convention in Edmonton.

The fishermen have not been able to pull their nets for the past two days due to the strong gale.

Mr. Jim Hannochko and son Raymond went to Two Hills recently.

Twenty Hour Day Common To Priest

MONTREAL — (BUP) — If you would like to work a 20-hour day seven days a week, see the Rev. Joseph Pare of Montreal. He does it all the time.

At 70, the Rev. Pare of the Jesuit Order and rector of St. Mary's College, works through his regular 20-hour day like a man of 40.

Having devoted his entire life to youth, the energetic rector feels he is experiencing his "second childhood" in the latter years of his life.

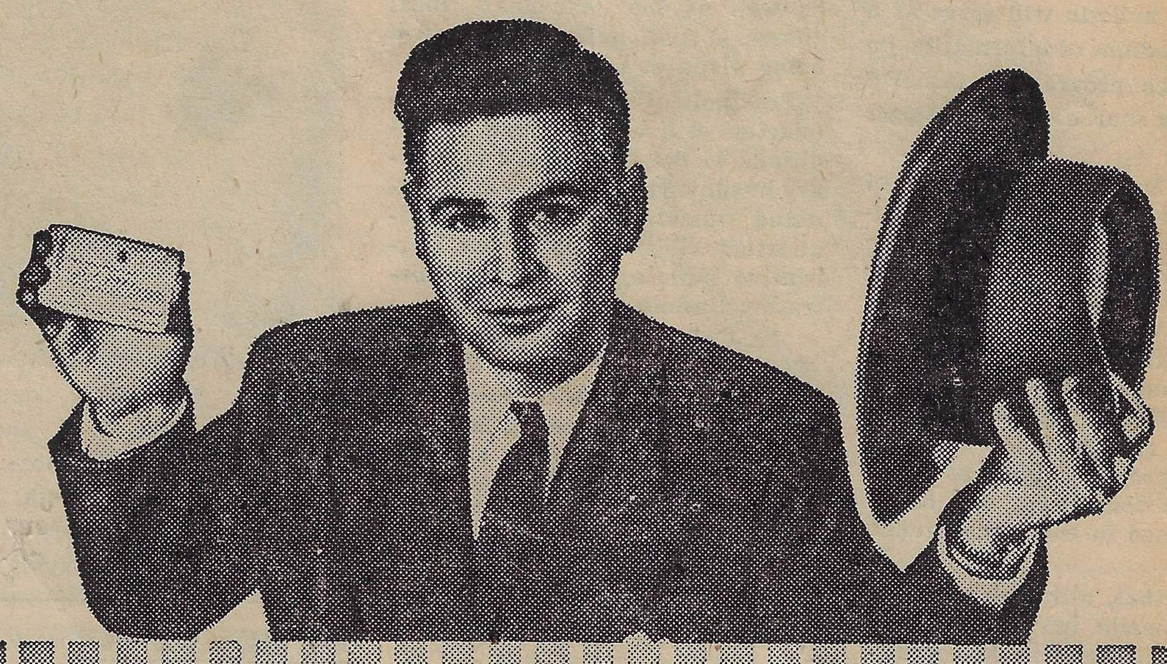

Always a keen supporter of athletic and intellectual development of youth, Pere Pare has published a monthly church newspaper and also has staged two well-known plays, "l'Aiglon," and "Athalie."

Let Us Develop Those Photos for You

Those pictures you took you will want for remembrance, so see us about enlargements and photo finishing of all kinds.

Introducing your CENSUS TAKER

Mr. R. J. Davy is one of the 18,000 enumerators who will call at the homes of all Canadians—including yours—starting June 1st.

His job is to get the facts which Canadians need for successful management of their private business or public affairs. It is of practical benefit to you and your community.

Your enumerator (*man or woman*) will carry an identification card. The information you give is kept in strictest confidence, and can be used only for census statistics. It cannot, *by law*, be revealed to anyone for any purpose, even to other Government Departments. Please be ready with quick and accurate information when your census taker calls.
